

HUNTER 22

The latest addition to the Hunter line, the new 22 is a spacious, extremely well-equipped day sailer/overnight cruiser.

The 22 is loaded with conveniences that make her a genuine pleasure to sail. There's a fold-out cockpit dinette table, for example, and an on-deck anchor well.

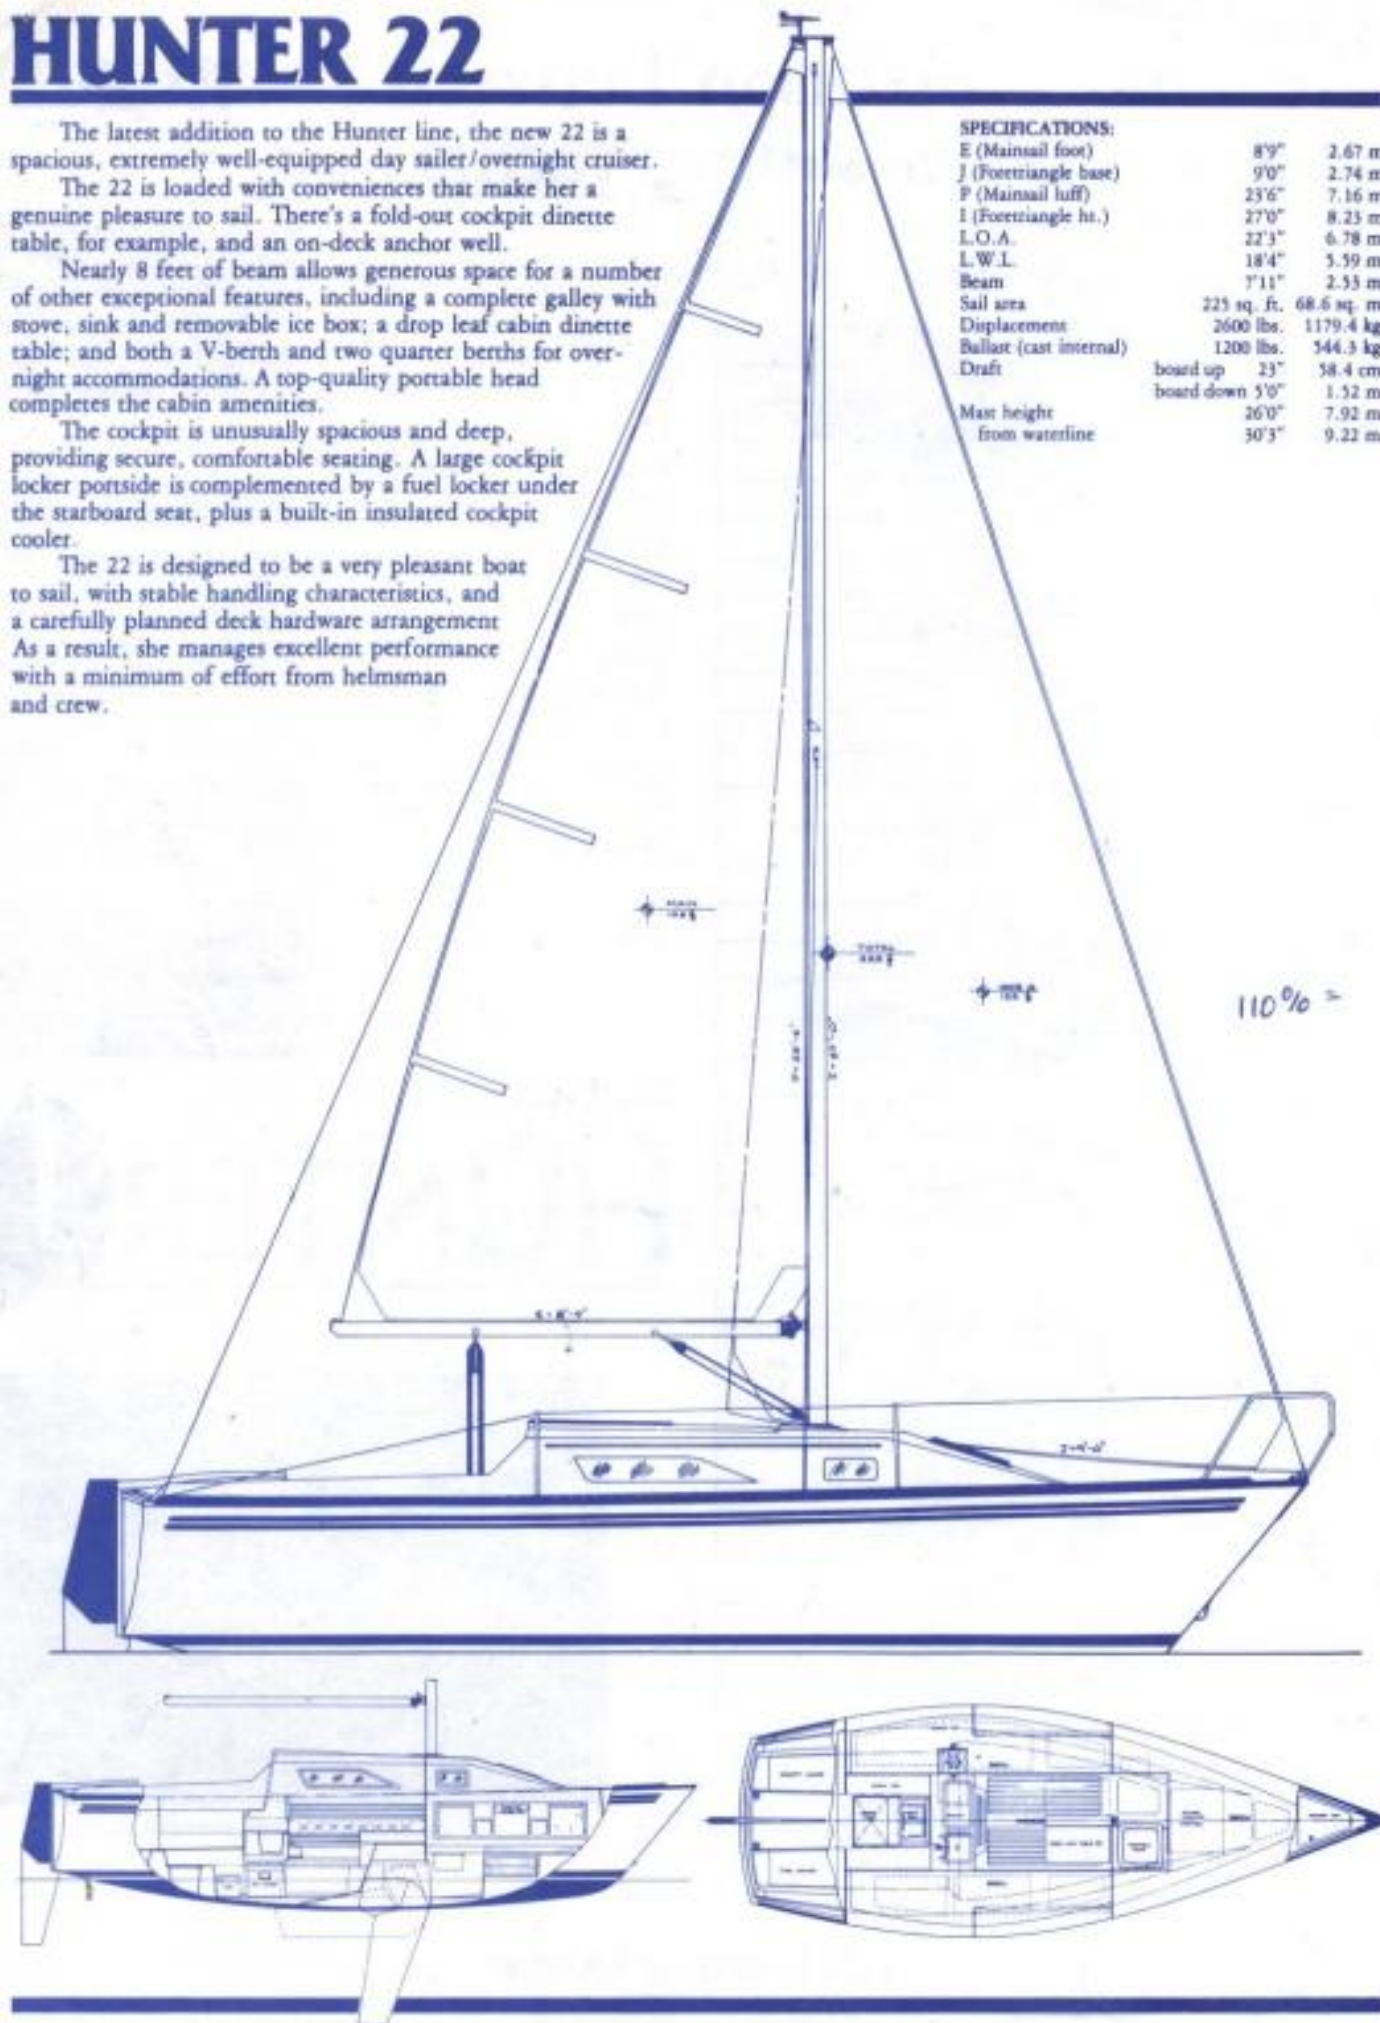

Nearly 8 feet of beam allows generous space for a number of other exceptional features, including a complete galley with stove, sink and removable ice box; a drop leaf cabin dinette table; and both a V-berth and two quarter berths for overnight accommodations. A top-quality portable head completes the cabin amenities.

The cockpit is unusually spacious and deep, providing secure, comfortable seating. A large cockpit locker portside is complemented by a fuel locker under the starboard seat, plus a built-in insulated cockpit cooler.

The 22 is designed to be a very pleasant boat to sail, with stable handling characteristics, and a carefully planned deck hardware arrangement. As a result, she manages excellent performance with a minimum of effort from helmsman and crew.
